GENERAL LEAVE

Mr. PACKARD. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and that I may include tabular and extraneous material on the conference report to accompany H.R. 4733.

The SPEAKER pro tempore (Mrs. BIGGERT). Is there objection to the request of the gentleman from California?

There was no objection.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 5130

Mr. CAMPBELL. Madam Speaker, I ask unanimous consent that my name be removed as a cosponsor of H.R. 5130.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

PARLIAMENTARY INQUIRY

Mr. PASTOR. Madam Speaker, I have a parliamentary inquiry.

The SPEAKER pro tempore. The gentleman will state his inquiry.

Mr. PASTOR. Madam Speaker, this morning, as I was walking onto the floor, you reminded us that if we were going to speak on the floor that we could not wear any button that communicated a message.

I bring that to your attention because I ask what the rule is that, in the past, we have had Members speak on the floor while wearing such buttons.

In particular, yesterday I saw a number of Members that were wearing a button that communicated 90 percent. And this morning I was hoping to wear a button, but I was reminded by you that I could not.

The question is, what is the rule on wearing buttons on the floor while we speak, especially buttons that communicate a message?

The SPEAKER pro tempore. Clause 1 of rule XVII, which requires Members to address their remarks to the Chair, has been interpreted to proscribe the wearing of badges by Members to communicate a message while under recognition to speak by the Chair.

The Chair would direct the gentleman to page 693 of the House Rules and Manual for a recitation of precedents under this rule, some of which involve the Chair taking the initiative when the Chair observed their display while the Member was speaking.

The Chair will endeavor to be consistent in this enforcement and will use due diligence to call the attention of the Member to this rule.

Mr. PASTOR. Madam Speaker, I want to thank Madam Speaker for her comments.

Hopefully, maybe in the morning before we start, the Chair might remind us what the rule is on buttons that communicate a message.

The SPEAKER pro tempore. The Chair thanks the gentleman for calling that to the attention of the Chair.

CONFERENCE REPORT ON H.R. 4733, ENERGY AND WATER DEVELOPMENT APPROPRIATIONS ACT, 2001

Mr. PACKARD. Madam Speaker, pursuant to House Resolution 598, I call up the conference report on the bill (H.R. 4733) making appropriations for energy and water development for the fiscal year ending September 30, 2001, and for other purposes.

The Clerk read the title of the bill.

The SPEAKER pro tempore (Mr. BARRETT of Nebraska). Pursuant to House Resolution 598, the conference report is considered as having been read.

(For conference report and statement, see proceedings of the House of September 27, 2000, at page H8312.)

The SPEAKER pro tempore. The gentleman from California (Mr. PACKARD) and the gentleman from Indiana (Mr. VISCLOSKEY) each will control 30 minutes.

The Chair recognizes the gentleman from California (Mr. PACKARD).

Mr. PACKARD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to present to the House the conference report on H.R. 4733, the fiscal year 2001 Energy and Water Development Appropriations Act.

At the outset, I would like to briefly state how pleased I am that the conference committee was able to work out the dramatic differences between the House and the Senate bills as amicably as we have and with a positive effect. Given the great divide over the House and Senate priorities, many concluded that we would never be able to resolve our differences. Not only did we resolve those differences, but we did so in such a way that the critical priorities of the House were carefully protected.

I am proud of the agreement struck between the House and that Senate on energy and water resources development programs. It was a difficult and arduous negotiation, but the product of our deliberations is a package that will help strengthen our defense, rebuild our critical infrastructure, and increase our scientific knowledge.

The total amount included in the conference agreement for energy and water program is \$23.3 billion. This is about \$1.6 billion over the amount included in the House-passed bill. The bill also includes \$214 million in emergency appropriations primarily to continue recovery operations at the Los
